

## Regions with a Large Number of Natural Habitats

Included in the Red Data Book of the Republic of Bulgaria

<http://e-ecodb.bas.bg/rdb/bg/vol3/>  
/UTM 10 km grid/

The presence of natural habitats, included in the Red Data Book of the Republic of Bulgaria is marked in pink-red colour. The darker the colour, the larger the number of habitats, included in the Red Data Book of the Republic of Bulgaria, in that particular cell of the grid is.

The areas, strongly influenced by anthropogenic factors, such as industrial zones, mining, quarries, arable land (white and light pink) are clearly visible. The regions of particular importance for the conservation of the natural habitats in the country are in dark red.
